

iDor Packaged Systems — Color Video Intercom

Siedle's newest cost effective system for your audio-video requirements. The package is complete with entry stations, internal stations, and the power supply for any application with up to 4 doors & 4 masters/sub-masters. iDor systems are not just for new installations but were specifically designed as engineering solutions for retrofit situations. They are based on the Siedle 2-Wire BUS system protocol. The iDor system saves time and money by using the existing wires in your home or office building while providing optimum functionality. Because of its ease of installation with the modern 2-Wire BUS technology, the iDor system is your cost savings solution.
